The First Effects of the New Mann Law. .

NOT WAITING GOVERNOR

Washed Streets of Fairmount to Be Repaired-Lightning Does Damage. More About Chickens.

Probably the first efforts of the new Mann law will be seen in Henrico county, where there is prospect of the elimina tion of some fifteen or twenty saloons by the provisions of the revenue bill. The County Court has fixed next Monday as the day upon which applications for license will be heard, and some fifty saloon-keepers have posted notices at the courthouse. But this was done before the action of the Legislature, and the aspect of the situation has been very considerably changed. Some of the salcon keepers will not make application at all, owing to inability to pay the increased tax. About a dozen others will come un der the Mann law requiring them to secure the consent of the voters in their districts before the licenses are granted.

These dozen or so saloonists are realizing their plight, and without waiting for the Governor to sign the bill, which he will do in a day or two, they are beginning to get down to work. Several of them have called at the clerk's office and gotten lists of the registered votors in their respective districts. Petitions, as required by the new law, have been drawn up and are being circulated. Among these who are understood to have them out are Tim Sullivan, at Southard's Store, in Varina; Hugh Lawrence, of Tuckahoe; Samuel L. Honry, of Short Pump; Sam West, of Seven Pines; Furinan Bowery, of Elko, and others.

It is generally believed that the major portion of these saloons will have to close up. These dozen or so salconists are realiz-

The Council Committee on Streets have taken the matter in head and has has taken the matter in hand and has called for specifications for certain im-provements. A gutter will be placed in the avenue and in some other streets, and other necessary repairs will be made.

It was reported yesterday that, on Sunday lightning struck the stables of Mr. John W. Warrinor, who lives near Glendale, and killed a valuable horse. The stable caught fire, and, with the contents, was burned to the ground. A bolt also struck the barn of 'Squire Gray, near Malvern Hill, but, apart from knocking off a few boards, did no dam-

BEAUMONT, TEX., April 15.—A careone of the Caldwell mines on Spindle Top to-day and started a fire that resulted in a loss of \$1,000,000 and the bankruptcy of twenty or more small companies. Only five of the large number of derricks are left standing. Every company that had property in the Hogg-Swayne tract is a loser. of all its buildings. Pumping stations, derricks and pipe lines all fell before it. Large engines and thick pipe melted in the heat. None of the companies carried a cent of insurance.

It is estimated that 170 of the wells sustained an average direct loss of \$3,000. This is exclusive of half a million dollars more, the aggregate loss on production and other damages. Fifty or more wells probably are ruined by the dropping of tubing into them as the result of the fire. Among the losers are:

London Oil and Pipe Line Company, Caldwell Oil Company, Spindle Top Power Company, Central Power and Equipment Company, Pumping Station, Dividend Oil Company, Detroit, Beaumont, Falestine, Beaumont Sun Company, Advance Oil Company, Queen City, Queen of Waco, Buckeye, Ground Floor, Manhattan and Buffalo Company.

Extensive losses were sustained by owners of drilling rigs, among whom were H. B. Fofd, Cartwright Oil Company, Dohn Markham and J. W. Ennis, Mr. Ennis estimates his loss at \$15,000, and others at from \$1,000 to \$4,000. Hogwood tract was saved only after hard work.
